About

An enthusiastic and motivated undergraduate at KL University, pursuing Computer Science and Engineering. Having strong leadership qualities, excellent communication skills, and a sharp ability to quickly grasp and adapt to the new technologies. Open to work and eager to contribute effectively in dynamic team environments.

Education

K L University - B.Tech in Computer Science and Engineering (2022–2026)	CGPA: 8.91
Sri Chaitanya Junior College - Intermediate (2020–2022)	70%
Santhan High School - 10th Standard (2019–2020)	81%

Projects

FarmBasket [GitHub Repository](#)

- Developed a full-stack agricultural e-Commerce platform using React.js, Node.js, MySQL, HTML, CSS, and JavaScript that connects farmers directly with buyers, eliminating middlemen and ensuring fair pricing.
- Built a farmer portal for product listing and inventory management, a buyer portal for purchasing and order tracking, and an admin panel for system oversight.
- Integrated Razorpay for secure online payments, with supported cloud-hosted and databases via Railway.
- Deployed the frontend and backend on Render for seamless full-stack hosting.
- Added role-based authentication and authorization to ensure secure access for farmers, buyers, and admins.

NutriTrack [GitHub Repository](#)

- Developed an AI-powered health tracking application using React.js, Node.js, MySQL, HTML, CSS, and JavaScript with Gemini AI for personalized recommendations.
- Implemented BMI calculation from user inputs (height, weight) to generate customized diet and workout plans.
- Designed progress tracking with streak-based motivation, along with actionable tips on sleep, hydration, and supplements.
- Integrated automated email notifications to remind users and maintain consistency in their health streaks.
- Enabled persistent user data storage to deliver long-term personalized insights and adaptive recommendations.

Skills

Programming Languages: C, Java
Database Management: MySQL

Web Technologies: HTML, CSS, JavaScript, React
Cloud Technologies: Familiar with AWS Services

Certifications

- [AWS Certified Cloud Practitioner \(Mar 2025\)](#)
- [Red Hat Certified Enterprise Developer \(Sep 2024\)](#)

Extra Curricular Activities

- Completed a Summer Social Internship at Swecha Organization, contributing to open-source projects and community development.
- Active Volunteer at Swecha, promoting technology for social good through workshops and events.
- Gained practical experience through virtual internships: Employability Skills (APSSDC) and Web Full-Stack Development (EduSkills Academy).
