About

An enthusiastic and motivated final year undergraduate at KL University, pursuing Computer Science and Engineering. Having strong leadership qualities, excellent communication skills, and a sharp ability to quickly grasp and adapt to new technologies. Open to work and eager to contribute effectively in dynamic team environments.

Education

K L University - B.Tech in Computer Science and Engineering (2022–2026)	CGPA: 8.85
Sri Chaitanya Junior College - Intermediate (2020–2022)	70%
Santhan High School - 10th Standard (2019–2020)	81%

Skills

Programming Languages: C, Java	Databases: MySQL, NoSQL
Frontend: React, HTML, CSS	Backend: Node
Cloud & DevOps: AWS, Docker, CI/CD	Tools: Git, Firebase, AntigraVity

Projects

Spend-Wise [GitHub](#) • [Live Demo](#)

- Developed and deployed an AI-powered personal finance application using React, Firebase, and Gemini AI, enabling intelligent expense analysis and automated insights.
- Implemented CI/CD pipelines with GitHub Actions and containerized services using Docker for automated and reliable deployments.
- Applied DevOps best practices including version control workflows and environment configuration to improve scalability and system reliability.

Nutri-Track [GitHub Repository](#)

- Created an AI-driven health tracking application using React, Node, NoSQL, and Gemini AI to provide personalized diet and workout recommendations.
- Implemented BMI-based planning and progress tracking to enhance user engagement and consistency.
- Designed persistent data storage to enable long-term insight and adaptive health recommendations.

Farm-Basket [GitHub Repository](#)

- Developed a full-stack agricultural e-commerce platform using React, Node, and MySQL to connect farmers directly with buyers and eliminate intermediaries.
- Engineered role-based portals (farmer, buyer, admin) with secure authentication and integrated Razorpay for online payments.
- Deployed the full-stack application in Render with cloud database support, ensuring high availability and seamless performance.

Certifications

- [AWS Certified Cloud Practitioner \(Mar 2025\)](#)
- [Red Hat Certified Enterprise Developer \(Sep 2024\)](#)
- [Salesforce Certified AI Associate \(Oct 2024\)](#)

Extra Curricular Activities

- Completed a Summer Social Internship with Swecha Organization, contributing to open-source projects and community development and an active Volunteer in Swecha.
- Gained practical experience through virtual internships: Employability Skills (APSSDC) and Web Full-Stack Development (EduSkills Academy).
